Are you an incumbent for this office?*: NO

Have you previously held an elected position?*: NO

:

: I have been endorsed by United States Senator Rand Paul. We have received numerous endorsements from elected and party officials on the local, county and state levels. Additionally, our campaign is supported by thousands of people across Ohio which is evident in numerous independent polls.

: My top legislative priorities are securing the border and ending Biden's crippling inflation.

1. Do you support reversal of Roe v. Wade and Doe v. Bolton?: YES

Comment - Question 1: When Roe is repealed, however, and the issue is handed back to the states, we in the pro-life movement need to be ready with state-based legislation to protect life and end abortion.

2. Do you support federal and state legislation to ban abortion-on-demand from fertilization to birth?: YES

Comment - Question 2:

3. Do you support legislation that prohibits distributing tax money for any reason to organizations that promote or perform abortions domestically or in foreign countries?: YES

Comment - Question 3: No taxpayer money should ever be used to fund abortion, and that applies to overseas governments and NGOs which often promote abortion under the guise of "population control" or "family planning." A life is a life, and all life is sacred.

4. Do you oppose abortion being funded, subsidized, or otherwise promoted in government programs or education?: YES

Comment - Question 4:

5. Do you oppose any legislation that promotes or encourages healthcare rationing for the elderly or other vulnerable people?: YES

Comment - Question 5: This is the dark side of socialist medicine: Patients - especially seniors and the disabled - are deemed by bureaucrats to have less of a “quality of life,” and care is rationed. Every life is sacred, and it is not our place to make judgments on so-called “quality of life.”

6. Do you support legislation prohibiting the killing of human embryos?: YES

Comment - Question 6:

7. Do you support legislation prohibiting all cloning of human beings?: YES

Comment - Question 7:

8. Do you support legislation prohibiting assisted suicide?: YES

Comment - Question 8: As we’ve seen in other countries, “assisted suicide” morphs into outright euthanasia as patients and their families are put under extreme pressure by the government or corporate health care providers to end life.

9. Will you vote for leadership in the House/Senate that upholds pro-life principles?: YES

Comment - Question 9:

10. Do you support the union of one man and one woman as the only definition of marriage that should be legally recognized at all levels of government?: YES

Comment - Question 10:

11. Will you oppose any law or regulation that infringes upon an individual’s or organization’s rights of conscience by forcing participation in abortion or other immoral practices?: YES

Comment - Question 11:

12. Would you work actively to revoke any such laws, regulations or ordinances that infringe upon an individual’s or organization’s rights of conscience?: YES

Comment - Question 12:

13. List all organizations to which you have contributed time or money in the past four years.: have contributed significant resources to pro-life groups such as Ohio Citizens for Life as well as to pro-life candidates for office. I have participated in the March for Life in Washington, DC. I give both time and resources to my church, St. Ignatius High School, and local, state, and national conservative organizations. And while it was quite some time ago, when my daughter became involved in the pro-life movement while at Magnificat High School, I served as the president of the Magnificat Father’s Club, driving her and her classmates to rallies and volunteer events. Finally, over the years, I have given my own time and donated thousands of dollars to crisis pregnancy centers.
