

## Comment - Question 2:

3. Do you support legislation that prohibits distributing tax money for any reason to organizations that promote or perform abortions domestically and in foreign countries?: YES

Comment - Question 3: I'd like to see our tax dollar money taken away from the abortion clinics and used to create adoption vouchers.

4. Do you support medical standards, regulations, and inspection of abortion facilities?: YES

Comment - Question 4: Absolutely. As a Registered Nurse it is appalling to see the filthy environment in the abortion clinics which only leads to more complications, infections and death in women who seek abortions at these unkept facilities.

5. Do you oppose abortion being funded, subsidized, or otherwise promoted in government programs or education?: YES

Comment - Question 5: The abortion minded movement is deceptive and very clever in trying to reach our children from grade school through college and into young adulthood with obscene and immoral sex education and birth control with an ultimate goal of creating "unwanted" pregnancies...i.e. more abortions. There should be no government funding, direct or indirect, which promotes or funds abortions or birth control. The gateway drugs to creating more abortions.

6. Do you oppose any legislation that promotes or encourages healthcare rationing for the elderly or other vulnerable people?: YES

Comment - Question 6: Healthcare workers or Hospital Boards should not have the right or control over rationing or withholding care to the vulnerable, Handicap, or elderly. I believe every individual deserves medical treatment and the right to live because their life is valuable. Even if it does not seem like their life is productive to society they are still a precious life in the eyes of God and He alone determines when someone dies. Laws should protect this right to life. No law or person should have the right to accelerate the death of another.

7. Do you support legislation prohibiting the killing of human embryos?: YES

Comment - Question 7: God alone has the supreme rights over the creation of life. Laws should respect and recognize this. I also support the outlawing of medical fertility treatments that create and discard embryos. Additionally, the use of aborted fetuses in research or consumer products should be outlawed.

8. Do you support legislation prohibiting all cloning of human beings?: YES

## Comment - Question 8:

9. Do you support legislation prohibiting assisted suicide in Ohio?: YES

Comment - Question 9: Assisted suicide is always wrong and should be illegal in all states. There have been documented incidences of people who chose assisted suicide but as they began to die they began to fight very hard to live. Assisted suicide is murder.

10. Will you vote for leadership in the Ohio House/Senate that upholds pro-life principles?: YES

Comment - Question 10: If someone cannot see the humanity of an unborn child in the womb then they cannot be trusted to make the decisions in other areas of government. A Prolife leader in the house and senate is a must in order to reestablish a pro-life society thru the prioritizing and passage of laws that protect all life from natural conception to natural death, advocates and protects religious freedom, and boldly recognizes that we are one nation under God.

11. Do you support the union of one man and one woman as the only definition of marriage that should be legally recognized at all levels of government?: YES

Comment - Question 11: The Defense of Marriage Act passed Congress in 1996. This allowed states to refuse to recognize homosexual unions as marriage. Homosexual "marriage" was forced upon every state in the union in a very deliberate and deceptive way thru a political left decision of the US Supreme Court thru Obergefell v Hodges. Just like the Roe v Wade decision, is not the will of the people of the United States. It defies the law of God and natural law. It is unnatural and intrinsically disordered. While every person should be treated with the same dignity as a person, homosexual unions should not have legal protections of marriage which was ordained by God to be between a man and a woman.

12. Will you oppose any law or regulation that infringes upon an individual's or organization's rights of conscience by forcing participation in abortion or other immoral practices?: YES

Comment - Question 12:

13. Would you work actively to revoke any such laws, regulations or ordinances that infringe upon an individual's or organization's rights of conscience?: YES

Comment - Question 13: This is a critical issue and often misunderstood. Freedom of Conscience is under attack from Godless entities and individuals within Ohio and the nation. Laws to protect rights of conscience must be strengthened and more need to be created.
