Position and District Sought*: State Representative District 65

Are you an incumbent for this office?: NO

Have you previously held an elected position?: YES

: Elected Precinct Executive for Clermont County Central Republican Committee

: I am seeking the endorsement of Right to Life PAC, I am also seeking multiple other endorsements for conservative principal organizations that seek to protect the values of conservatives in my district.

: Ending common core, protecting the sanctity of life/choices based on morality. My life is a testimony and living example of being Pro-Life. As an adopted person, if my birth mother would have lived in this time- it would have been so much easier for her to have aborted me. I hope she would have still made the same decision- I believe she would have. I am a strong-willed, dedicated, and determined person because of my life experience. Adoption is part of my identity. I have met my biological family, and I am so glad they supported my birth mother in her decision to put me up for adoption. It gives me a strong voice for those who oppose the right to life.

1. Do you support reversal of Roe v. Wade and Doe v. Bolton?: YES

Comment - Question 1: Norma Mccorvey is a Pro-life advocate. She was the Jane Roe that was used as a political game piece to legalize the murder of the unborn. She is adamantly against abortion- and hopefully so.

2. Do you support federal and state legislation to ban abortion-on-demand from fertilization to birth?: YES

Comment - Question 2: Again, my stance is clear based upon my birth. My heroin addicted mother gave me life instead of a death sentence. I will fight for the unborn, the elderly, the ill, and those who cannot fight for themselves in our communities.

3. Do you support legislation that prohibits distributing tax money for any reason to organizations that promote or perform abortions domestically and in foreign countries?: YES

Comment - Question 3: Our tax dollars should NEVER be given to support an organization that performs or promotes abortion

organization that performs or promotes abortion.

4. Do you support medical standards, regulations, and inspection of abortion facilities?: YES

Comment - Question 4: We absolutely MUST regulate and inspect facilities that perform abortions as they are legal right now. We have to make sure women and the unborn are protected by medically regulated standards.

5. Do you oppose abortion being funded, subsidized, or otherwise promoted in government programs or education?: YES

Comment - Question 5: ABSOLUTELY.

6. Do you oppose any legislation that promotes or encourages healthcare rationing for the elderly and other vulnerable people?: YES

Comment - Question 6: Who are we to decide who lives and who dies for the greater good of all? That is wrong. I fundamentally disagree with justifying the limit of a person's life.

7. Do you support legislation prohibiting the killing of human embryos used for scientific research?: YES

Comment - Question 7: Life beings at the moment the zygote enters the ovum and combines DNA. As beneficial as the arguments for the scientific research are, I am adamantly against the use of human embryos (human life) for scientific research.

8. Do you support legislation prohibiting all cloning of human beings?: YES

Comment - Question 8: At NO point in time should this EVER be allowed. We must do everything in our power as legislators to ensure this monstrosity never takes place.

9. Do you support legislation prohibiting assisted suicide in Ohio?: YES

Comment - Question 9: Euthanasia for humans is wrong. I do not support any legislation that assists people in committing suicide. People live in changing states of mind, we should assist people in coping with the struggles of suffering, pain and life instead of helping them end their lives.

10. Will you vote for leadership in the Ohio House/Senate that upholds pro-life principles?: YES

Comment - Question 10: I will ALWAYS vote for leadership that upholds pro-life principals.

11. Do you support the union of one man and one woman as the only definition of marriage that should be legally recognized at all levels of government?: YES

Comment - Question 11: The union of Marriage was biologically designed for one man and one woman. It is the only definition of marriage that should be legally recognized.

12. Will you oppose any law or regulation that infringes upon an individual's or organization's rights of conscience by forcing participation in abortion or other immoral practices?: YES

Comment - Question 12: As a business owner, and a person with family in the medical profession- an INDIVIDUAL should NEVER be forced to participate in what I view as murder, or what they believe to be immoral.

13. Would you work actively to revoke any such laws, regulations or

ordinances that infringe upon an individual's or organization's rights of conscience?: YES

Comment - Question 13: This is so very important to me. One of my top priorities is protecting the rights of one's conscience. Once the line is crossed and folks are forced to participate in immoral acts, we no longer live in a free society.

14. List all organizations to which you have contributed time or money in the past four years.: Stop the Abuse (local organization that focuses on ending the cycle of abuse in children)

Participating in Women in Leadership (for the purpose of helping women achieve success in business, this program helps to build a Clermont County workforce that attracts and retains business, thereby driving economic growth and vitality)

Inner Parish Ministries

Ambassador's Point Community Church o Serve as Precinct Exec for CCCRC
